**Portland State University, Hoffman Hall**  
1833 SW 11th; Portland, OR  
Transit info at [www.trimet.org](http://www.trimet.org)

Building on the momentum from the two previous Mt. Hood Summits and our recent bipartisan backpacking adventure around the Mountain on the Timberline Trail, we invite you to share your spoken and written comments on Saturday, December 3<sup>rd</sup> to help us shape the future of this Oregon treasure. We will present our Blueprint of Principles and Actions to address the concerns that have been raised throughout the years, including wilderness, watersheds, recreation, transportation, Native American rights, forest stewardship, and land exchanges. Your testimony will be important in finalizing bipartisan legislation and generating new ideas for future efforts, creating a Mt. Hood Legacy that endures.
